

# PSI LEGO Robotics Summer Camps

## K - 2<sup>nd</sup> and 3<sup>rd</sup> - 5<sup>th</sup> Grades

(Applies to existing and rising students)

Register and pay online Scan QR or  
<https://www.psinquiry.org/new-page-1>

Although similar in themes, grades K- 2<sup>nd</sup> robotics are different from grades 3<sup>rd</sup> - 5<sup>th</sup> which is more advanced and incorporates more engineering and design. Students will be placed in different classrooms.

### Week I: July 10 -14, 10am - 12pm - Great Adventures

Go on cool adventures on land, sea, and air. You'll use your imagination to design, build, and code your robots.

### Week II: July 17 - 21, 10am - 12pm - Amusement Park Rides

Build your favorite or create a completely cool new one.

### Week III: July 24 - 28, 10am - 12pm - Quirky Creations

Build and design new games, playgrounds, or cool machines.

**Cost:** \$175/student per week (10% sibling discount for second child taking the same camp week)

**Where:** Longmeadow High School, 95 Grassy Gutter Rd., Longmeadow, MA

**Classes:** Limited to 14 (first come, first serve)

### PSI: Partners in Scientific Inquiry

*PSI is an organization that emphasizes fun, "hands-on" student-centered approaches that deliver elevated science learning.*

*All of these programs are a great way for girls and boys to learn & strengthen their understanding of science, technology, engineering, and math (STEM) concepts set forth by the Massachusetts core standards.*

*Best of all, they get to use their imagination, explore their interests, and learn to approach problems logically and systematically!*

For additional information/questions on our programs, please contact us.
